

DECEMBER 2022 NEWSLETTER

ADVANCE
ANTI-SLIP SURFACES P/L

30 years

Welcome to the December issue of the Advance Anti-Slip Surfaces newsletter.

Merry Christmas
& HAPPY NEW YEAR

There are currently around 60 very large work orders in our system for a number of national and international projects that will be shipped from now until before we close for the Christmas break, with a huge many new projects still yet to be ordered. We haven't seen this level of activity at the tail end of a calendar year for a very long time, as many businesses' wind down for the holiday season, which indicates 2023 is going to be an even busier year for us.

On that note, so we can recharge for the new year, please be advised that we will be closed over the following dates:

CLOSING FROM:

12.00 Noon Friday 23rd December 2022

RE-OPENING FROM:

08.30am Monday 9th January 2023

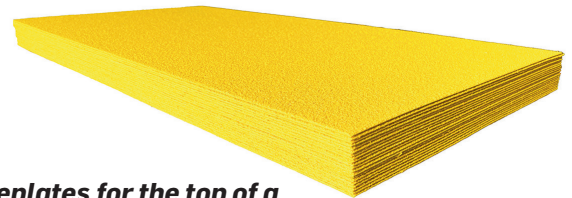

Advance Anti-Slip Surfaces would like to take this opportunity to thank all our customers for their excellent support throughout 2022 and look forward to an even bigger year ahead.

Have a safe and wonderful Festive Season.

For more information or to discuss your requirements, please [contact us](#) today.

Let's prevent slips trips and falls on pedestrian walkways! Take care and stay safe over the coming months.

A very big thank you to all of our great customers. Here is an example of a few of the larger orders we received recently.

Safeplates for the top of a Silo in New South Wales

1000 Stair nosings for a mine site in central Queensland

520 Circular Ladder Rung Covers for a vessel in Southern Asia

Stair, step and landing safety is vital for every pedestrian access area. Advance Anti-Slip has non-slip elements to suit every situation.
