

FEBRUARY 2023 NEWSLETTER

Welcome to the February issue of the Advance Anti-Slip Surfaces newsletter.

Let's prevent all slip, trip and fall injuries! Take care and stay safe over the coming months.

A Transport and Logistics Edition

Advance Anti-Slip Surfaces produces a varied range of custom-made Class 1, ready to install, metal backed, non-slip, safety products designed to keep workers and visitors in the transport and logistics sector safe from slip, stumble, trip, tumble, falter and fall incidents.

In our Victorian manufacturing facility, we create the best antislip products for all types of pedestrian access safety requirements. From nosings for the rear truck step on the back of a delivery vehicle, ladder rung covers for freight rail carriages, through to nosings for aircraft access entry stairs, rail, truck or bus maintenance bays, there is no limit to the application for our slip prevention products.

Pictures of some of the many customised antislip elements for the transport and logistics industry we've supplied can be found on our website Gallery page. Go to: <https://www.advanceantislip.com.au/gallery.htm>

If you have a slip problem that needs a solution, let the team at Advance Anti-Slip help solve it for you.

For more information or to discuss your requirements, please contact us today.

Stair, step, ladder and landing safety is vital for every pedestrian access area. Advance Anti-Slip has nonslip elements to suit every situation.
