Safety You Can Stand On: Oilfield & Resource Industries

Advance Anti-Slip Surfaces is Australia's **premier manufacturer** of high-performance antislip products, designed for the toughest industrial environments. Whether on onshore or offshore oil rigs and platforms, mining, or in heavy-duty operational areas, our solutions are built to enhance safety and reduce slip-related incidents.

Why Choose Our Antislip Solutions?

- **Engineered for Extreme Environments**
Our products are designed to withstand heavy wear, extreme temperatures, and exposure to corrosive substances, ensuring long-lasting performance in the harshest conditions.
- **Tailored to Your Needs**
We offer customisable sizes, coatings, and finishes to meet the specific safety demands of your operations.
- **Cost-Effective Safety**
Our products deliver outstanding quality at a price that enhances your profitability, offering both safety and savings.
- **10-Year Warranty**
We back our products with a 10-year warranty, providing peace of mind and confidence that our antislip solutions will stand the test of time.
- **Sustainable Manufacturing**
Produced with environmentally conscious processes, our products align with sustainability goals without compromising performance.

**Our Promise:
Premium Quality.
Maximum Safety.
Superior Value.**

Ideal for Critical Areas in Oilfield & Resource Operations

- **Walkways & Platforms**

Ensure secure footing on elevated and high-traffic surfaces, reducing slip risks and improving workforce safety.

- **Stair Treads & Ladders**

Antislip solutions for vertical and horizontal surfaces help prevent accidents in all areas of your operations.

- **Loading Docks & Equipment Areas**

Protect personnel from slips and falls in high-risk zones, improving safety during loading/unloading and equipment handling.
