# Eliminate Slips in Your Manufacturing Plant

**Durable, Safe, and Reliable Antislip Solutions**

**Slips and Falls Can Disrupt Operations and Cost You Money.** Protect your workforce and maintain peak productivity with antislip solutions built to withstand the toughest manufacturing environments.

- **Extreme Durability**  
Engineered with heavy-duty, metal-backed construction to handle forklifts, machinery, and heavy foot traffic.
- **Uncompromising Safety**  
Superior traction prevents slips caused by oil, grease, or moisture.
- **Fully Customisable**  
Tailored solutions for walkways, platforms, ladders, and stairways, to fit your plant's needs.
- **Reliable Performance**  
Low maintenance, high resilience, and long-lasting protection.
- **Compliance Ready**  
Meets and exceeds Australian and international stringent safety standards.

**Protect Your Team,  
Protect Your Business**

# Why Choose Advance Anti-Slip Surfaces Non-Slip Solutions?

## DURABILITY YOU CAN TRUST

Our Class 1, metal-backed antislip products are designed to endure the harshest manufacturing conditions, resisting wear and tear from machinery, heavy loads, and constant traffic.

## SAFETY FIRST

Slip-resistant surfaces ensure worker safety by preventing accidents caused by oils, spills, debris, and uneven flooring.

## Custom Solutions for Your Plant

Every manufacturing plant is unique. Our dependable antislip products are customisable to fit any surface or layout, including:

- **Walkways and Ladders**
- **Platforms and Mezzanines**
- **Stairways and Steps**
- **Machine Areas**

## Resilient and Reliable

Built to last, our nonslip solutions maintain performance with minimal maintenance, reducing downtime and repair costs.
